

Client Guidelines in relation to the use of Mobile Public Address Platforms.

The following guidelines / rules have been formulated to insure an incident free event.

It is important that these operating procedures are understood and adopted by all clients.

- Ensure that the Police and Local council have been notified and the appropriate permits have been obtained.
- Nominate one person only to liaise with the driver/ staff to insure there are no conflicting instructions.

If you intend to use the P.A system in a march;

Provide 2 marshals between the P.A vehicle & participants.

- The vehicle must not carry any more persons than it has seat belts for & is licensed to carry.
- **As your final announcement, request a clear passage for the vehicle and tell people they must stay a minimum of 2 meters from the vehicle at all times ;**
- Your spokesperson can either sit in the vehicle or operate from there, Or in the case of tray truck systems, request the provision of a radio mic system to access the P.A whilst walking behind participating in the march.
- It is essential that the P.A vehicle is in front of, or behind the participants in clear space.
- Please do not ask or by inaction place our staff in a position that will violate these rules.
